## Opening Of Visiting Nurse Association Office Told

Persons wishing to inquire about the new Visiting Nurse Association, which began in the Harbor Area last week, may do so by contacting the Community Chest Service Center in San Pedro, TE. 3-5227, Monday through Friday, according to Mrs. Ralph P. Cousins, president of the VNA Board.

As yet, there is no VNA office in the Harbor, but Mrs. Cousins said that permanent VNA quarters are expected to open in Torrance about Dec. 1.

A non-profit organization, the Visiting Nurse Association is a participating member of the current Community Chest appeal.

In addition, the agency receives nominal fees from patients based upon the ability to pay.

Extension of VNA service was the result of close cooperation and discussion among the VNA Board, Harbor Area Welfare Board and a special committee of the Harbor Board appointed to study the possible extension of VNA service.

VNA service provides bedside nursing care for the sick in their homes and teaches the family how to care for the patient. Each visiting nurse is a graduate, registered nurse and cares for patients of licensed physicians.
